Principal's Message

This has been a busy, eventful year in the history of Emery High School.

There were "growing pains" of many kinds. The most obvious was in the construction of our new building. This caused a great deal of inconvenience, but it was certainly worth it.

A yearbook records the history of the year, and this one does an excellent job for you. It means a lot to you now, but it will mean even more in the many years to come.
